TO : R P R Products Inc. Customers

SUBJECT: MSDS Policy - Insul-Mate Metal Products

This is to inform you that we consider the above products "Articles" as defined by OSHA's Hazard Communications Standard and therefore exempt from the data sheet requirements of these regulations.

An article is defined in paragraph (C) as follows:

(C) Definition: Article means a manufactured item:

- (i) which is formed to a specific shape or design during manufacture;
- (ii) which has an end use function(s) dependent in whole or in part upon its shape or design during end use;
- (iii) and which does not release or otherwise result in exposure to a hazardous chemical under normal conditions of use.

The following Insul-Mate products meet the definition of an article;
Aluminum and Stainless Steel, AZ-60 and Galvanized Steel Jacketing, formed sheets, elbows, wing seals, strapping and aluminum, stainless steel or coated carbon steel accessory products.

For quick response to your customers, you may copy this letter if necessary.

For more information on our MSDS program or any questions, please call our Customer Service Group in Houston, Texas.

Sincerely,

R P R Products, Inc.

A handwritten signature in dark ink, appearing to read 'R. Chovanec', is written over the typed name.
