

TO WHOM IT MAY CONCERN:

You have requested a Material Safety Data Sheet from us for products sold to you under the Federal requirements that deal with the movement of chemicals manufactured or imported into the United States and require the protection of Material Safety Data Sheets (MSDS) for employees handling hazardous material.

American Biltrite Inc./Ideal Tape Company is not a "chemical manufacturer" under the terms of the code and, as such, produces no chemicals for which an MSDS is required. American Biltrite/Ideal Tape does manufacture tape and tape products from some such chemicals, however, but according to Title 29§1910.1200(5)(iv)(c), such products are considered exempt from the notice requirements since they do not release or otherwise result in exposure to a hazardous chemical under normal conditions of use.

As a result, no MSDS's are required for products manufactured by American Biltrite/Ideal Tape.
